

A survey on the economy and political opinions

This survey is being conducted as part of an educational activity for the Summer Institute in Computational Social Science (<https://sicss.io/2023/munich/>) held at the University of Munich. We will ask some questions related to your opinions and demographic information. It will take about 3-4 minutes.

The goal of the activity is to study your opinions on the economy and politics. At the end of the project, we will remove individually identifying information and share the data with other researchers and students. If you are not comfortable having your de-identified responses shared, please do not participate in this survey. You are free to stop at any time or skip any opinion question that you want. If you have any question about this educational activity please email bernhard.clemm@gesis.org.
